I want to store value of variable in database which contains a list of values. Here's a sample input and output which is stored in database mysql> insert into example (input) values (''); Query OK, 1 row affected (0.01 sec) +-----+ | input | +-----+ | | +-----+ 1 row in set (0.00 sec) mysql> select * from example; +-----+ | input | +-----+ | | +-----+ 1 row in set (0.00 sec) mysql> select * from example; +-----+ | input | +-----+ | | +-----+ 1 row in set (0.00 sec) Here's the issue: While doing the query, the values from the rows are getting stored in array and the array is storing all the values in a single row. I'm getting like below: +-----+ | input | +-----+ | | +-----+ Array 0 : " 1 : " 2 : " 3 : " 4 : " 5 : " 6 : " 7 : " 8 : " 9 : " 10 : " 11 : " 12 : " 13 : " 14 : " 15 : " 16 : " 17 : " 18 : " 19 : " 20 : " 21 : " 22 : " 23 : " 24 : " 25 : " 26 : " 27 : " 28 : " 29 : " 30 : " 50b96ab0b6

Download : [Link] What's New in this version: [Link] Call of Duty 2 : Online multiplayer? [Link] This is just a list of new weapons/items found online. [Link] Steam: The next step in gaming is here. Å« Steam is the premiere platform for enjoying the best games on PC. From AAA to indie, and from online multiplayer to single player, PC gaming will never be the same. Å« [Link] I have tried my best to collect some nice content for you guys, this is my first tutorial video and I hope that you will enjoy it. For more support, comment below. See this link: [Link] In this video we will be taking a look at the Perfect Balance action from Team NINJA. I do have a couple additional articles on this but you can read my take on it in this link. See my article here: [Link] Happy Monday and welcome to my weekly show, the Roys Show. Stay tuned, stay tuned for more. This week we are going to get into some Call of Duty 2 content, especially Black Ops 2. Get My Newsletter! [Link] In this video I am going to show you how to map your own controllers and make them work with PC for MVS (Multi Virtual System). The best thing about this is that you can adjust the key mapping for each controller. If you want to get more help on this and have suggestions, leave a comment below. [Link] SpywareBlaster is a great product and it's always free. But some people are wondering why they can't download it directly from the website. So we are going to share the installation guide for the product. See my article here: [Link] From now on you can download the Police Quest Classic Demo from the following link. It is a very short but very good demo. If you have yet to try the Police Quest Franchise you should do it. Its a great co-op experience with a very rewarding story. See my article here: [Link] I think it is about time to make an assumption about what PC gaming will be like in the future. This is what is going to happen: 1. Indie games and indie developers have a greater chance of success. 2. There will be more smaller titles
